BEVE

Beer&Food Attraction is the show that brings together the **most comprehensive national and international offer of beers, beverages, food and trends for the OUT-OF-HOME** sector at a single event.

A hub to track trends and developments in the industry, a source of inspiration that gives value to experience.

It attracts professional operators and key players in the industry over **four days**.

Beer&Food Attraction will be held in Rimini from 19 to 22 February 2023.

THE FORMAT

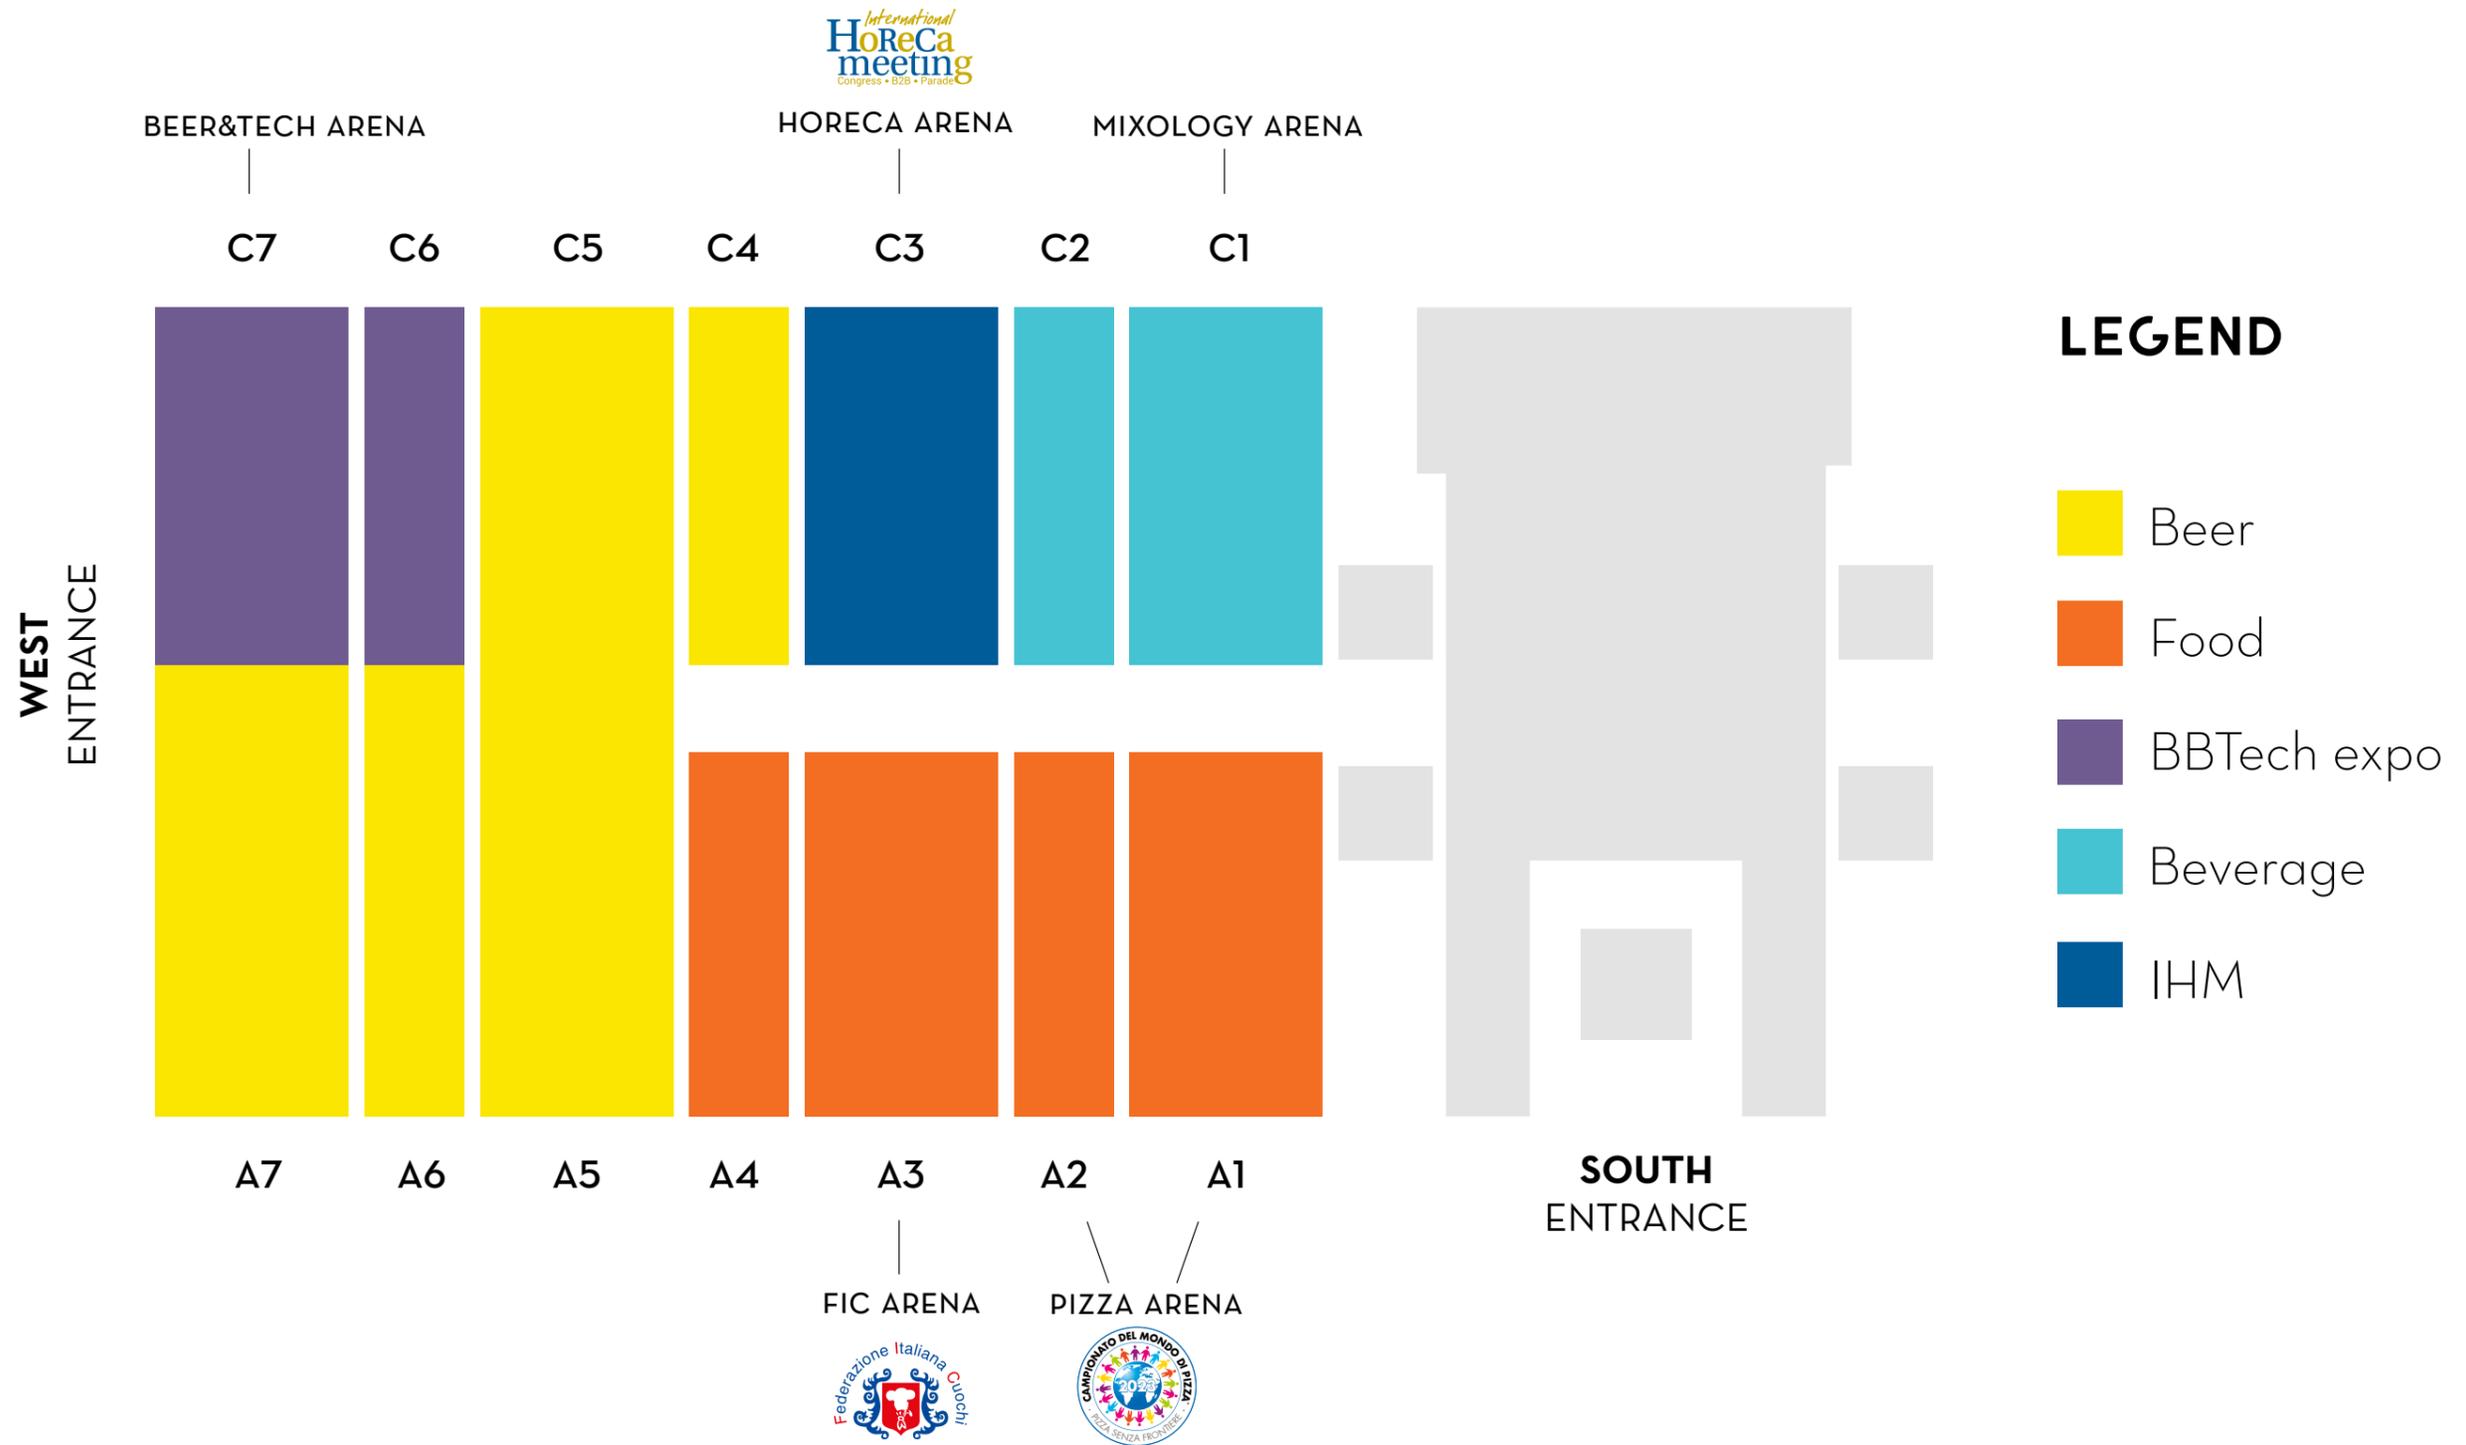

Beer&Food Attraction is held at the same time as **BBTech expo**, the professional show dedicated to technologies for beer and beverages.

The world of Eating Out meets in Rimini to change, innovate and plan the future of hospitality.

The event's traditional in-person format is enriched with the innovative **digital platform** tool, already tried and tested in the last edition, to multiply business and meeting opportunities.
