BlaBlaCar is the world's leading long-distance carpooling platform – a global, trusted community of 80 million drivers and passengers in 22 countries, with over 25 million travelers per quarter. The platform connects people looking to travel long distances with drivers heading the same way, so they can travel together and share the cost, as well as save CO2 emissions.

In Italy, BlaBlaCar's community counts over 3 million members who travel to more than 40,000 different locations every month.
